telegram to THE HERALD |- Isaac Bergman, for ten years county treasurer and probate judge, a prominent Mason, a pioneer and owner of range cattle, made a most determined attempt to kill himself in his office this morning. He locked the doors and fired at his head five times. Four shots were from a pocket pistol of heavy calibre and the last from a regulation six-shooter. The fourth bullet made a slight flesh wound, the fifth one, intended as were the others for the right temple, passed just behind both eyes blinding the man forever. Instantly the doors were forced and the man lifted from a puddle of blood. He asked to have the blood washed from his eyes, not knowing that he had destroyed his sight. The man didn't loose consciousness. He said he wished the job had been a perfect one. He called for his say that his accounts were

Details of the Loss of the T. P. Leathers.

New ORLEANS, Nov. 28 .- A telephone message from Bayou Sara gives the fol lowing particulars of the loss of the steamer T. P. Leathers yesterday. The fire was first discovered midships on the starboard side in a pile of sacks of seed, surrounded by tiers of cotton bales. The boat was in midstream under way, and the fire got such a hold upon the inflamable material that to extinguish it was out of the question. The captain ordered the boat headed for the landing. The passengers and crew ran about the burning vessel crazed with terror. The people gathered on the front deck to be as near the shore as possible, while the steamer was being driven in under full steam A at the best reached the best of the steamer was being driven in under full steam. steam. As the boat reached the bank, those of the rousters who could swim began to jump into the river, and before the boat was within a hundred yards of the bank the water around her was black with struggling men. The officers of the boat stood to their posts and did all they could to prevent the frightened passengers from the steam. As the boat reached the bank, tho vent the frightened passengers from jump-ing into the river. When the boat got within a few hundred feet of the bank, even the foredeck became so hot that it was impossible to stay there, and all on was impossible to say there, and all on board were compelled to jump for their lives. During the last ten years, the average monthly increase was \$3,905,902 and the increase per capita \$300. For nineteen months from March, 1880, to October, 1890, the aggregate increase of circulation among the people was \$33,90,813, an increase per capita of about \$150, while for the corresponding period from March, 1885, to October, 1880, there was a decrease of \$21,850,493, making a difference in favor of the last nineteen months of over six millions per month. The large increase since March, 1880, is mainly due to the present policy of keeping the surplus as low as possible by the purchase and redemption of bonds, while the decrease from 1885 to 1886 was due to the opposite policy.
